

Dear Holmwoodites,

I am writing on behalf of the Holmwood Past Student's Association to solicit your help in cash or kind in support of Holmwood Sports Feeding Program. There is an immediate need to provide for the boys and girls athletes as their original food sponsor is unable to assist this year. While we are trying to alleviate this immediate situation, other sports programs are to be considered in the near future as we make plans to put a more sustainable program in place.

As you may be aware, Nutrition is the cornerstone of any successful sports performance and is the partner for training. The sports program at Holmwood has helped many individuals to attain goals which were otherwise unattainable. Please help us to keep their hopes high. Our last Olympic team to Beijing had three of our recent graduates, one fresh out of Holmwood this summer. We have many more potentials, so please let us do our part in helping to prepare them

Through your donation, we are anticipating another successful year in whatever sports program we venture. No donation is considered too small and we appreciate in advance your consideration to assist. We have established several points of contact where your donations will be accepted and forwarded to the coordinating body. However, contacts outside of Jamaica will not be able to accept food donation as shipping the food items to Jamaica present a challenge.

Please feel free to forward this request to your friends and families, as we accept support from all avenues. You can also approach your employer for assistance. Many of these corporations have money earmarked for charitable purposes. Therefore, let us use these resources.
